Arsenic Reporting.— Not later than 180 days after the date of enactment of this Act, the Agency is directed to: (1) promptly submit to Congress an overdue report as part of the Consolidated Appropriations Act, 2005 (P.L. 108-447)—on the extent to which communities are being affected by the arsenic rule, and proposing compliance alternatives and making recommendations to minimize costs; (2) convene a working group composed of representatives from States, small publicly owned water systems, local public health officials, drinking water consumers and treatment manufacturers to provide input and recommendations on barriers to the use of point-of-use and point-of-entry treatment units, package plants, (including water bottled by the public water system), and modular units, as well as alternative affordability criteria that give extra weight to small, rural, and lower income communities, and (3) based upon input from the working group submit to the Committees a report on actions to make alternative compliance methods (such as point of use, point of entry and package plants) more accessible to water systems and a report on alternative affordability criteria.
